Work Experience

Sentara Health

DEVELOPMENT TEAM LEAD

Remote

Dec 2024 – Present

- Led a cross-functional team delivering scalable healthcare applications with Agile methodology.
- Streamlined CI/CD pipelines, cutting release time by 40% and boosting deployment reliability.
- Migrated legacy systems to a modern stack, improving system uptime and performance.
- Ensured HIPAA compliance while enhancing patient engagement features.

Ebizeo Information Services

FRONTEND DEVELOPER (TEAM LEAD)

Remote

January 2024 - Dec 2024

- Spearheaded frontend architecture and development of a robust admin panel and company website.
- Delivered high-performance, responsive UI with ReactJS and Material UI, improving UX metrics by 30%.
- Mentored junior developers, ensuring clean, maintainable, and scalable code practices.

Wishfy Technologies Pvt. Ltd.

SDE 1 (Frontend Developer)

Noida

May 2022- Dec 2023

- Collaborated on redesigning Rocketium's design editor, constructed with React.js and Typescript, to optimize user experience and usability.
- Transformed designs and wireframes into a seamlessly responsive user interface.
- Introduced new components that not only improved the editor's functionality but also drove an increase in website traffic.

Projects

Flipkart

E-Commerce Platform

React.js, Node.js, Redux

Github

- Developed a full-featured Flipkart clone as a solo project using MERN stack.
- Implemented frontend, backend, and admin panel with complete product and user management.
- Integrated payment gateway (Paytm) for seamless transactions.
- Replicated all major functionalities of Flipkart, including product listing, cart, checkout, and order management.

Bits-Of-Code

COLLECTION OF BLOGS FOR DEVELOPERS

Next.js, Node.js, Redux

Github

- Crafted a single-page application with Next.js and Node.js to facilitate the sharing of development blogs.
- Implemented static site generation for accelerated load times and increased efficiency.
- Leveraged Firebase for user authentication and data storage, alongside SWR for efficient data fetching.

Technical Skills

Strongest Areas

Data Structures, Algorithms, Architecture, Scalable System Design, and Team Leadership.

Programming Languages

C/C++, Javascript, Haskell, Rust, Python

Libraries/Frameworks

React.js, Express.js, Next.js, Typescript, Webpack, Git, Node.js, Redis, Kafka, Kubernetes, Docker, HTML5, CSS3

Database

MongoDB, Firebase, PostgreSQL

Platforms

AWS, Vercel, Heroku, Render

Education

MASAI SCHOOL

Full Stack Software Development (MERN)

Remote, India

Dec. 2021 - May. 2022

- All Evolution's Cleared.

Achievements & Highlights

- Led frontend teams, boosting UI performance and developer efficiency.
- Delivered scalable MERN-stack web applications across healthcare, finance, and productivity.
- Expert in CI/CD automation and microservices architecture.
- Bridged design precision with engineering for fast, polished products.
